## Annual Meeting 2024

The annual openCFS meeting is intended as an open forum to exchange on their recent work with openCFS or related software. Participants from industry and academic researchers share how they use openCFS to solve their modeling and simulation tasks. The openCFS team will give a short introduction for new users, advertise less well known features for advanced users, and present the latest developments. This year's meeting is hosted at TU Graz, Graz, Austria. Come and join!
